Basics of Project Management
Cegos Partner, 2018

Conflict Resolution | Presentation Skills
Results Training Kft, 2019

LANGUAGES

Portuguese - native
English- fluent
Spanish - Intermediate

SKILLS

Solution-oriented thinking
Adaptability
Communication
Attention to detail

EXPERIENCE

Product data analyst (2018 - present)

Eaton - Budapest, Hungary

Responsible for product data analysis, quality and availability for the EMEA electrical sector, I lead projects aimed at digital readiness, ensure correct and up-to-date data to be distributed to major European customers and provide training on data tools to various teams across the region.

Some of my achievements:

- Over 300 3D product models created and published for the Dutch market. The project is currently being extended for Germany and soon more countries.
- +300 employees trained in Eaton's data download tools, saving the MDM team significant time and resources
- Automation of repetitive processes with MS Excel VBA, turning hours-consuming processes into instantaneous
- Support on preparation of nearly 60,000 product data for migration into new management system

Improving Eaton's carbon footprint Project (2019)

Eaton - Budapest, Hungary

I led the research for decreasing office equipment's electricity consumption.

Key achievement:

Solution with potential of saving 30% of electricity consumed by computers and photocopiers.
Recognized as one of the top voluntary projects in Eaton EMEA in 2019.

Engineering for Kids (2018 -2019)

Eaton - Budapest, Hungary

Introducing STEM careers to kids and teenagers at a public school in Budapest, I formed part of the leading group, creation and presentation of the project.

Key achievement:

Project was rewarded by the Company's leadership and recognized by the school.
